

# Douglas Santos

Hello, my name is Douglas.

I'm from Brazil, living in Viamão-RS.

I'm looking for my first opportunity as a front-end developer.

I've studying the Computer Science course in FAM, among several other courses and practices. I have knowledge in HTML, CSS, JavaScript, TypeScript, React, Node.js and PHP.

I'm eager to learn more and more, always looking for new knowledge.

I'm willing to face new challenges and learn whatever is necessary to evolve.

You can help me by sharing it so I can achieve my goal, thank you!

## CONTATO
